

Nacho Moreno Navarro

Junior C++ Programmer | Gameplay, Graphics & Tools

Barcelona, Spain · nmoreno2000@gmail.com · +34 633 31 51 83

nachomoren.github.io/Portfolio · github.com/NachoMoren · linkedin.com/in/nacho-moreno-navarro

PROFILE

Game programming student at CITM (UPC) with a background in Telecommunications Engineering. Strong in C/C++, with a focus on gameplay systems, 3D graphics and debugging. Looking for an internship to learn from experienced developers and contribute to real production work.

PROJECTS

Alien Extraction | C++, custom engine (Ymir Engine) | Team of 35

3D extraction game developed by 35 students. As part of the programming team, built the animation module, the navmesh and pathfinding systems and enemy item drops; also fixed bugs and memory leaks.

github.com/Clapcom-Studios/Alien-Extraction

PGA-Engine | C++, OpenGL

Graphics engine built in a university project. Implemented the core rendering pipeline for geometry and lighting, plus bloom and a water shader.

github.com/NachoMoren/PGA-Engine

Exploding Nightmares (Bachelor's thesis) | Unreal Engine, Blueprints

3D platformer prototype. Sole programmer: implemented all character mechanics and built the game scene, mainly with Blueprints (a deliberate choice to learn the system, having used C++ in other projects); also integrated and adjusted imported animations.

github.com/NachoMoren/UnrealPlatformer

Capsule Shooter | Unity, C#, UDP networking

Two-player PvP prototype. Implemented the client-server connection and the game logic.

github.com/Urii98/CapsuleShooter

TECHNICAL SKILLS

Languages: C, C++ (main), C#, Java

Engines: Unity, Unreal Engine, custom engines

Graphics: OpenGL, shader programming

Tools: Git, Visual Studio, VS Code, Jira, HacknPlan

Methodologies: Agile, team-based development

EDUCATION

Bachelor's Degree in Game Design and Development

2021 – 2025

CITM (UPC), Terrassa. Final internship pending (required to complete the degree). Focus on software development, gameplay systems, object-oriented programming and graphics programming.

Telecommunications Engineering

2018 – 2020

UPC, Barcelona. Not completed; 108 ECTS credits passed.

EXPERIENCE

Futsal Coach

2023 – Present

Colegio Padre Damián. Design training sessions and lead players in a federated competitive environment.

Summer Camp Coordinator & Instructor

2019 – Present

Colegio Padre Damián. Manage schedules, staff and logistics for summer camps for ages 10–14.

OTHER QUALIFICATIONS & LANGUAGES

RFEF National Futsal Coach, Level C · Certified Youth Leisure Activities Instructor (General Directorate of Youth)

Languages: Spanish (native) · Catalan (native) · English (B2, Cambridge First Certificate, 2018)
